This contract is the result of a competitive solicitation issued by the Department of Finance, Purchasing Division. A requisition must be generated for all purchases made against this contract and the requisition must reference the contract number.

I. <u>INTRODUCTION</u>

A. Purpose

The intent and purpose of this Request for Proposal ("RFP"), and the resulting contract, is to obtain services from a qualified firm to administer a Home Purchase Assistance Program, including but not limited to the administration of a downpayment and closing costs assistance program for qualifying employees of the County of Henrico, Virginia, Henrico County Public Schools ("HCPS"), and Henrico County, Virginia constitutional officers, collectively referred to as "County Employee(s)", in accordance with the Scope of Services section of the solicitation.

B. Background

The housing market in the United States has experienced a drastic increase in average sale prices. In Henrico County, Virginia, the median home sale price rose from \$240,000 in 2017 to \$360,000 in 2022. This dramatic change in average sale price was not matched equally with the change in County Employee salaries over the same period of time. This makes homeownership especially difficult for many County Employees. In addition, the average rent increased 28% from 2021 to 2022. At this time, there are no indicators that pricing will come down for homebuyers or renters in the near future. By providing incentives for renters to become homeowners, the number of rental units available to the community will increase and the number of homeowners will continue to grow.

It is the desire of the County of Henrico, Virginia (the "County") to attract quality County Employees as well as incentivize existing County Employees to stay, by offering a five-year forgivable loan to first-time, qualified County Employees to purchase a home. It is the expectation of the County that the Home Purchase Assistance Program will be implemented by an external agency with experience managing first-time homebuyer financing.

The County is seeking offerors with experience in administering downpayment and closing costs assistance program in the form of homebuyer education, needs assessment, identifying housing options, implementing housing assistance programs and follow up. The County's Department of Community Revitalization ("DCR") is responsible for administering the program for the County.

II. SCOPE OF SERVICES

A. General Requirements

The Successful Offeror shall provide all labor, supervision, materials, equipment, etc. for the development, implementation and administration of a home purchase assistance program, generally including, but not limited to:

- 1. Working with various County departments to market and promote the program to County Employees.
- 2. Providing at least 8-hours of Housing and Urban Development ("HUD") certified homeownership counseling to eligible County Employees.
- 3. Developing a program application and assist County Employees with completing the program application.
- 4. Reviewing applications to determine if the County Employee is eligible to receive assistance under the program.

- 5. Underwriting and approving deferred forgivable loans based on program requirements and guidelines.
- 6. Disbursing funds for homebuyer's closing.
- 7. Recording deed of trust and deed of trust notes at the Henrico County Court Clerk's office to secure the County's investment.
- 8. Recording Certificates of Satisfaction when an assisted County Employee has satisfied all program requirements or paid all outstanding balances.
- 9. Providing program status reports to DCR.
- 10. Maintaining programmatic and financial records and completing all forms and reports necessary to document compliance with all program requirements.

B. <u>Deliverables</u>

The Successful Offeror shall minimally provide the following deliverables:

- 1. Create an application portal for employees to submit program applications.
 - The Successful Offeror shall create a web-based application portal for County Employees to apply to the program. The portal must be live on or before the date the program is open to County Employees. The portal shall allow County Employees to upload all required documentation to verify program eligibility.
- 2. Collaborate with the County departments of DCR, Media Relations, Human Resources, Finance and HCPS to develop materials and implement a marketing and communications plan.

The Successful Offeror will provide a schedule of activities they will perform to educate County Employees about the home purchase assistance program and work with the afore mentioned County departments to develop program marketing materials in the form of pamphlets, social media messages and a program webpage.

3. Underwrite and approve deferred forgivable loans to County Employees applying for assistance based on program requirements guidelines.

For each interested County Employee, the Successful Offeror will verify income, assets, debt and property details to assure client can be approved for the mortgage and the forgivable loan.

4. Prepare the Deed of Trust and Note and act as trustee on behalf of the County for each employee assisted.

The Successful Offeror will draft a Deed of Trust and Deed of Trust Note and record the above referenced documents in the Henrico County Clerk's Office within 15 days of settlement.

5. Oversee the requisition and disbursement of funds.

The Successful Offeror will provide forgivable loan funds to the settlement agent for qualified County Employees to close on their home. The Successful Offeror will invoice the County the amount of funds provided for each qualified County Employee.

6. Oversee the recording of all legal documents and maintain these documents in a client file for a minimum of five years following the recordation of the Certificate of Satisfaction.

The Successful Offeror will keep records of all legal documentation regarding each assisted County Employee's proof of eligibility and all loan closing documents on site at the Successful Offeror's primary office. Records will be available to DCR staff upon request.

7. Prepare and record Certificates of Satisfaction at the end of the forgivable loan period or when a previously serviced County Employee pays off the remaining balance before the

end of the forgivable load period, at the Henrico County Clerk's Office within 30 days of the end of the forgivable loan period or the loan payoff.

The Successful Offeror will be responsible for recording a certificate of satisfaction for each County Employee that satisfies the terms of the forgivable loan or pays back the remaining loan balance. The Successful Offeror will be responsible for recording the Certificate of Satisfaction in the Henrico Court Clerk's Office within 30 days.

- Prepare copies of files and reports for DCR for verification of loan closing. The Successful Offeror shall submit supporting documentation with all invoices for reimbursement to DCR.
- 9. Conduct homebuyer education courses either in person or virtually.

The Successful Offeror must provide at least eight hours of homebuyer education for each eligible County Employee taught by a HUD approved counselor. Homebuyer education can be provided by the Successful Offeror, or the Successful Offeror may partner with a qualified agency to provide this service. Regardless, a certificate of completion for each eligible County Employee is required to qualify for the home purchase assistance program.

Where a national health emergency or similar restriction prevents the Successful Offeror from directly conducting homebuyer education courses, the Successful Offeror is permitted to accept equivalent training provided by other agencies, provided HUD homebuyer education requirements are met. Should this alternative approach be necessary, the Successful Offeror shall notify the County of this adjustment.

10. General loan servicing.

The Successful Offeror will be responsible for all seen and unforeseen tasks related to loan servicing and client care.

11. Submit to DCR all reports necessary to document program activities and beneficiary data on a monthly basis.

The Successful Offeror will submit a monthly report that includes the progress information outlined by DCR no later than the 10th day after the end of each month.

12. Respond to all County Employee inquiries regarding their loan.

Once a County Employee is verified as meeting the employment related eligibility criteria, all inquiries regarding the program and the homebuying process and/or loan documents will be answered by the Successful Offeror.

13. Verify occupancy annually for previous clients during the forgivable loan period.

On an annual basis, the Successful Offeror will distribute affidavits to County Employees assisted by the program to complete and return within 30 days of the month and day the County Employee closed on the home. The affidavits must ask the County Employee to verify that they continue to meet the requirements of the program (i.e., living in the home as their primary residence, etc.).

III. <u>COUNTY RESPONSIBILITIES</u>

The County will designate an individual to act as the County's representative with respect to the work to be performed under this contract. Such individual shall have the authority to transmit instructions, receive information, and interpret and define the County's policies and decisions with respect to the contract.

RE: RFP 23-2553-6JOK – Home Purchase Assistance Program Sent via email: <u>KNO008@henrico.us</u>

Dear Oscar,

Housing Opportunities Made Equal of Virginia (HOME) would like to request a change to the payment structure for the Henrico County Employee Home Purchase Assistance Program without exceeding the current agreed upon funding limits. Since the inception of this initiative, both Henrico County and HOME have gained valuable insights that were not initially anticipated when drafting the contract. Following the program's implementation, we have identified several challenges with the current payment structure due to additional front-end work required. As such, we are requesting a modification to ensure that HOME's costs associated with delivering the service are adequately covered, while also securing our long-term ability to provide this crucial service.

Outlined below are the details of the activities provided at each level of service, along with the proposed amendments:

HOME Proposes the following payment structure:

Tier 1 (\$100)

Henrico pays HOME \$100 for each employee whose application is received and reviewed. HOME will pull and analyze an Equifax credit report of the employee (and co-applicant) for outstanding collections, judgments, charge offs and bankruptcies. The employee (and co-applicant) who meets the initial program criteria will be invited to attend the next Homebuyer Education class. Those who do not meet program criteria will be invited to attend our Credit & Money Management Education Class. Once they attend the Credit & Money Management class and resolve their credit obstacles, HOME will verify and invite them to the next Homebuyer Education class.

Tier 2 (\$400)

Henrico pays for each employee (and co-applicant) who completes HOME's 4-hour homebuyer education class and submits requested financial documents for an appointment with a housing counselor. Preparation and review of submitted documents will occur for the initial counseling session for the employee (and coapplicant, if applicable). This includes court searches for judgements in areas they have lived, verification and calculation of all household income sources and assets, pulling and analyzing tri-merge credit report(s) along with the review of bank statements and tax returns.

Tier 3 (\$1,000))

Henrico pays HOME \$1,000 for each employee who receives at least 6 hours of counseling and case management to include the completion of the initial counseling session and follow-up sessions with the employee (and co-applicant). Activities are verifying and reviewing income and credit, comprehensive financial assessment of the household including the creation of a spending and savings plan, debt to income ratios, discussions of mortgage readiness, housing goals, housing affordability, eligibility for DPA and the creation of a housing action plan to purchase a home. Employees who are not mortgage ready will be provided follow-up sessions to review progress, counsel and modify steps as needed up to 12 months.

Tier 4 (\$1,500)

Henrico pays HOME \$1,500 when the employee (and co-applicant) is mortgage ready, meets program requirements, is approved, and receives financial assistance to purchase a home. Activities include the counselor preparing the file for program review and approval. Continuous counselor coordination and collaboration with the employee, real estate agent, lender and closing agent as needed. The counselor will prepare DPA funds reservation, obtain and review the purchase agreement, request and review lender documents, inspection report(s), closing agent documents along with preparation of the deed of trust and note. The counselor will also request funds from our finance department and clear the file to close. Once the closing is completed, the housing counselor will complete the file close out.

The total amount to be paid under this contract shall not exceed \$360,000, as agreed upon in the original contract.

Post-purchase – Annually, HOME will provide all Henrico employees who purchase a home through this program, post purchase education during their 5-year affordability period. At their request, the employee may also receive post purchase housing counseling as needed.

Please let us know if these terms are acceptable. If you have any questions, please contact me at 804-905-6764 or via email at <u>TFitzpatrick@HOMEofVA.org</u>.

Sincerely,

Thomas Istoppet

RE: RFP 23-2553-6JOK - Home Purchase Assistance Program Sent via email: <u>KNO008@henrico.us</u>

Dear Oscar,

We received Henrico's counteroffer to Housing Opportunities Made Equal of VA's (HOME) suggesting funding structure in your letter dated September 18, 2023.

Henrico proposed the following:

- The County will pay \$1,000 to HOME, for each employee household that successfully completes a minimum of 4 hours of homebuyer education and is provided a minimum of 6 hours of one-on-one counseling and case management. The total amount for this activity cannot exceed \$120,000.
- 2. In addition to the fee payment for education and counseling, the County will pay \$1,750 to HOME, for each employee household that receives assistance under this program and purchases a home that meets all program requirements. The amount to be paid for this work shall not exceed \$210,000.
- Additionally, HOME continues providing homebuyer education and counseling to prospective County employees until all funds are exhausted, which includes providing this service after the \$120,000 limit is met and without additional funding for this activity.

Total fee payment not-to-exceed: \$330,000.

HOME proposes the following counteroffer to the above options:

- Henrico pays HOME \$1,000 for each employee intake completed. This task will be considered complete when the employee successfully completes a minimum of 4 hours of homebuyer education, is provided a minimum of 6 hours of one-on-one counseling, and the creation of a housing action plan. The total amount for this activity cannot exceed \$120,000.
- In addition to the fee payment for education and counseling, Henrico pays HOME \$2,000 for each employee household that receives assistance under this program and purchases a home that meets all program requirements. The amount to be paid for this work shall not exceed \$240,000.

The total amount to be paid under this contract shall not exceed \$360,000.

If this final amount needs to remain \$330,000, then we can negotiate the total number of employee clients HOME will work with. We will not be able to provide additional non-compensated work under this contract, and therefore removed the third paragraph.

Please let us know if these terms are acceptable. If you have any questions, please contact me at 804.354.0642 or TFitzpatrick@HOMEofVA.org.

Sincerely,

/s/ Thomas Okuda Fitzpatrick

TAB 2 – STATEMENT OF THE SCOPE

Tab 2 – Statement of the Scope

Since 1989, HOME has helped over 2,502 low-to-moderate-income families in the region to purchase their first home, with 311 of these families purchasing in Henrico County. Of those 311 families, 161 became successful first-time homeowners through the work of a Henrico DPA Program funded by Henrico County. Over a 12-month period, this proposed project will provide comprehensive housing counseling, homebuyer education, and down payment and closing cost assistance to Eligible First-Time Henrico County Employee homebuyers who are 18 years of age or older. This assistance will be offered to Henrico County Employees who are interested in purchasing a home in Henrico County. Participating families will receive four hours of homebuyer education and a minimum six hours of individual housing counseling and case management services. This is to ensure that families who purchase homes through this program are equipped with the skills needed to become successful, long-term homeowners. In addition, this program not only stabilizes and builds wealth for the families who purchase a home, but the County as a whole benefits from increasing its homeownership rate and subsequently the tax base of the county.

TAB 5 – SERVICE APPROACH AND METHODOLOGY

Tab 5 – Service Approach and Methodology

HOME believes homebuyer education coupled with individual counseling is the key to successful, long-term homeowners who manage their household finances, maintain their home, avoid foreclosure and all predatory lending practices. Homebuyer Education Workshops include the following topics: homebuying process, personal finance, understanding and managing credit, affordability, role of realtor, role of lender, types of mortgages, loan process, importance of home inspection and home maintenance, foreclosure prevention and fair housing. HOME's Pre-purchase Counseling is a required series of sessions to complete an in-depth analysis of a family's credit report, budget, and overall financial readiness to purchase a home which includes recommendations for best practices in budgeting, affordability, purchase power and lifestyle management. Counselors also reiterate information on the entire home buying process including the roles and processes of their realtor, lender, home inspector and closing agent; along with the ongoing responsibilities of home maintenance and ownership that results in long term, successful homeownership.

An action plan is developed during the initial session and updated as needed. Counselors guide and advise individuals through the entire process from homeownership consideration, financial preparation, financing (including down payment & closing cost assistance process if eligible), housing search, home inspection, the closing process, home maintenance and long-term mortgage management. Counselors also appropriately provide referrals based on the needs of the household.

Service Mode:

Initial individual services and follow-up services can be provided in person, virtually, or by telephone and email, based on client preference along with health and safety considerations.

Service Process:

All direct services are provided by a HUD-certified housing counselor. All activities are documented in an electronic file and client management system.

Once attendance in the Homebuyer Education Class has been completed, the initial Intake is completed which includes collection of household demographics and data to perform a comprehensive assessment of the clients housing needs and financial situation. This includes the collection and analysis of the prospective homeowner's income, expenses and debts. A Spending Plan is created using this information and if necessary discuss ways to reduce expenses and save money to assist them in establishing a sustainable budget that allows them to either currently purchase an affordable home or places them on a path to homeownership in the future. Based on the prospective homeowner's readiness an individual housing Action Plan is developed which includes goals, activities, responsibilities and target dates towards the clients housing goals.

Pertinent information is also provided on the home buying process. In most instances this intake and assessment process occurs in one session, however, depending on the client's need it may occur in multiple sessions.

- Referrals are provided appropriately to households based on their needs. Housing counselors will provide the contact information by telephone or in writing. If warranted the counselor will directly contact the source on behalf of the client.
- Follow-up contacts by the housing counselor will occur to make certain the prospective homeowner is progressing towards their housing goal, to modify the established action plan and/or obtain outcomes or terminate the housing counseling.
- Termination occurs when the client's issue is resolved, goals are met, or the client is unresponsive with repeated attempts by the counselor to communicate with them by telephone, email, or letter.

SECTION III: GENERAL

A. LIMITATIONS

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted: such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

FIXED RATES ·

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USS BX 0'.I'HBR FEQERAL AGE ICJES

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (21 apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.
